A.C.E.F. SpA.
Regulatory Dept. – Personal care

Disclaimer: While the suggestions and data contained herein and in other written and oral communications to customers from us are based on information believed to be accurate and reliable, A.C.E.F. SpA makes neither representations nor warranties of any kind, whether expressly or implied, with respect to either the products or the information described above, other than that the products conform to their current specifications. Because of the many different circumstances, applications and processing conditions of our customers, purchasers should determine for themselves whether suggested formulations, labeling, example products or procedures are suitable for their own purposes and comply with the national cosmetic regulations of the country where the product containing the system is to be produced and, in the case of products for export, also the food regulations of the country to which the product is to be exported. For this reason, A.C.E.F. SpA also disclaims all liability for any loss or damage that may arise from reliance by any party on any such information provided by us. The formulations, examples and usage recommendations as may be described herein or in other written or oral communications from us, should not be construed as permission to violate any patent or as a warranty of no infringement of any patent. With exception in cases of intent or gross negligence we exclude any liabilities for (or in respect of) any direct or indirect damages.
